

## FAVORITISM CHARGED.

Formidable Faction After the Lutheran Foreign Mission Board.

## DEMAND CHANGE IN ADMINISTRATION

Present Regime Claim a Majority of the Synod and Assert no Change Can Be Made—Report of Statistical Secretary.

Des Moines, Ia., June 3.—This was church extension day in the general Lutheran church. The annual report was read by Rev. H. H. Webber, of York, Pennsylvania, and was adopted. The report of the statistical secretary was read and adopted. The anniversary of the board of church extension was celebrated at night with addresses by a number of prominent clergymen.

The discussion of the foreign mission situation with a plan to change the field of work from the African coast to the interior is set as special business for Tuesday afternoon. The main business of the synod deals with this question, factions being formed and divided on the administration of post, one faction claiming favoritism and partiality of the foreign mission board in the post, asserting that unless a change is had at once, the church will be shaken to its very foundation and that serious trouble is imminent. The election of Dr. Freas as president, however, shows the old administration has a majority of the synod and no change may be made.

Board of home missions nominated as follows: Rev. M. W. Hamma, Washington, D. C.; Rev. George H. Reen, Columbia, Pa.; Rev. George Enders, York, Pa.; Rev. L. M. Zimmerman, Baltimore; Rev. H. C. Hocker, Steelton, Pa.; Rev. John C. Parker, Washington, D. C.; Rev. John D. Zorick, Hanover, Pa.; A. F. Fox, Washington, D. C., and Edward Helbe, of Railroad Pa.

The report of the statistical secretary of general synod Lutheran church contains the following: In 1900, there were reported 1,561 churches, an increase of 16 over the last report; preaching stations 186, a decrease of 2; 161 prayer meetings, a loss of 173. In the same year 237 students for the ministry were receiving instruction, 44 less than in 1898. The church continues to increase in the number of catechumens, 38,230 receiving instructions during the last biennium, a net gain of 422 over the preceding biennium. There has been a net decrease in losses as well as in accessions, the net decrease being 862.

The estimated value of the church property in the general synod is \$12,365,556, a gain in valuation of \$235,612. On this property the indebtedness is \$1,221,146, a decrease of \$43,362. The number of Sunday schools reported is 1,638, an increase of 94. The schools have 23,839 officers and teachers, an increase of 214; a scholarship of 195,035, an increase of 8,340. The grand total of contributions was \$3,333,739, an increase of \$110,832. During the biennium receptions of ministers into the general synod were 86 and the losses 54.

Prof. E. J. Wolf of Gettysburg, Pa., created a sensation by his report on the condition of the church, saying there was a woeful lack of spirituality and Godliness in the denomination, and that the fire of piety had burned low. He said: "Our church has suffered very seriously from defective government and, as long as loud voices are heard for individualism and unbridled liberty, as long as the general good must be subordinated to the rights of private judgment, our progress must halt and our institutions languish."

## Reformed Presbyterians.

Pittsburg, June 3.—The Reformed Presbyterian Synod of North America adopted resolutions respectfully urging the commissioners of uniform state laws to recommend in their forthcoming report on divorce laws only such legislation as is in harmony with the law of Christ, which sanctions the dissolution of marriage ties only for adultery and such wilful desertion as admits of no remedy. The report of the national reform association was read by the Rev. J. M. Foster and laid on the table to allow the presbyteries to report.

## Exports to Spain.

Washington, June 3.—Commercial relations between Spain and the United States seem to be fully restored and it is not improbable that American exports to that country in the fiscal year 1901 will be greater with possibly a single exception than in any preceding year. Exports from the United States to Spain in the nine months ended with March, 1901, were valued at \$11,879,349, against \$10,081,920 in the corresponding months

of last year and \$7,091,043 in the corresponding period of the fiscal year, 1899.

## Money Under a Sidewalk.

Mineral Point, Wis., June 3.—Several thousand dollars was found under a sidewalk near the former boarding place of Stewart Jelleff, held here on a charge of robbing the First National bank recently. Two bottles of nitroglycerin and a bunch of skeleton keys were also found. All was discovered by citizens who were searching privately.

## LABOR VERSUS CAPITAL.

Progress of the Strikes and Lockouts. Walkout Illegal.

Toronto, Ont., June 3.—A report that President O'Connell of the International Machinists' association had said that the action of the machinists of the New York Central, in Buffalo, who struck on Saturday was precipitate and contrary to the constitution of the order, was referred to Mr. O'Connell, but he declined to say anything until he had interviewed the Buffalo delegation. The matter will come before the convention, but in any event it is expected the arbitration committee cannot approve of the strike as it had not been sanctioned by three-fourths of all machinists on the Central's system as provided for in the constitution.

## Outbreak Feared.

New York, June 3.—The Crocker-Wheeler company is preparing for trouble at its extensive works at Amper, a suburb of Newark, N. J. The 500 employees of the company are participating in the general strike of machinists for shorter hours, without reduction of wages. The company has decided to try to run its plant with non-union men. It is when the first installment of non-union men is brought to the works that an outbreak among the strikers is feared.

## Situation at Chicago.

Chicago, June 3.—Manufacturers and the 1,600 machinists who have struck, apparently settled down for a siege. The strikers put out pickets in military fashion, but so far as is known, no attempts were made to engage non-union men. The pickets are divided into companies and these subdivided into squads under the command of captains and sergeants. At stated periods, each squad is relieved by another.

## Strike Delayed.

Dayton, O., June 3.—Through the influence of the state board of arbitration the strike which was to have been declared by the employees of the Peoples' Street Railway company on Saturday has at least been delayed and may be declared off entirely. In this event the state board will devote its attention to the labor disturbances existing between employers and employees in other branches of industry.

## Returned to Work.

Hartford, Conn., June 3.—Eighteen hundred men who have been on a strike here returned to work in six machine shops, the companies having granted their demands for a 9-hour day with 10 hours' pay, while agreeing to recognize local shop committees, but not the union committees. About 700 machinists from other shops are still out.

## Paper Mills Tied Up.

Holyoke, Mass., June 3.—Every paper mill in the city except the Whiting and Valley mills is shut down on account of the strike. Conferences are being held with the textile manufacturers, but the indications and expectations are that all firemen in the textile mills will go out the latter part of the day.

## Machinists Go Out.

Newport News, June 3.—In accordance with the plan announced several days ago about 300 machinists struck at the Newport News shipyard. All other departments of the yard remain unaffected.

## For a Nine-Hour Day.

Saginaw, Mich., June 3.—All the machinists on the Pere Marquette railroad system went on a strike for a 9-hour day.

## Went Into Liquidation.

London, June 3.—The shareholders of the British-American corporation agreed at a meeting to go into voluntary liquidation. The corporation was closely affiliated with the London and Globe Finance corporation, limited, whose suspension in December last caused so much excitement on the stock exchange. Lord Dufferin was a director of the British-American as well as of the London and Globe corporation. The meeting was one of the stormiest held. When the chairman said that owing entirely to the London and Globe's default the British-American corporation could not continue business, he was assailed with all kinds of hostile demonstrations and cries of "The same old game," and "are you not ashamed to face us?"

## COLLIDED IN A FOG.

Second Section of a Working Train Crashes Into the First.

## OVER TWENTY LABORERS CAUGHT.

Four Men Fatally and the Others Seriously Injured in the Wreck. Victims All Italians From an Ohio Town.

Wheeling, W. Va., June 3.—The second section of a working train on the Pittsburg, Ohio Valley and Cincinnati railway crashed into the first section near Powhattan, killing two and injuring over 20 persons. There were 28 Italians in the caboose of the first section when it was struck in the rear end collision. The dead are: Amella Chan, who leaves a large family and John Meting, who survived the wreck for an hour. Tony Zwetrine and Barney Metzinski were so badly injured that they will die. Others were seriously injured. There are twenty injured Italians being cared for by the physicians. Nearly all of the Italians lived in Bellaire, Ohio. The accident occurred in a fog.

## American and Yellow Peril.

Paris, June 3.—In the chamber of deputies M. Des Tournelles de Constant asked the foreign minister, M. Delcasse, for a statement on the Chinese situation. In the course of his remarks, the deputy alluded to American business competition, saying the "American peril" was advancing toward them with methodical rapidity. The Napoleons of American industry declared openly that their enterprise meant the conquest of Europe and her economic ruin. The "yellow peril" was more distant than the American peril, but the Chinese had given a warning which ought not to be neglected. M. Delcasse replied in a reassuring manner regarding China. He said the French troops would leave at the earliest possible moment. The powers only insisted on measures of justice, having the character of reparation for the past and guarantees for the future.

## A Trial Spin.

Newport, R. I., June 3.—The syndicate's Americas cup defender Constitution was given a trial spin. From her moorings she headed for Beaver Tail and thence over toward the Narragansett Pier shore, and coming about, put out to sea in the vicinity of the lightship. For some time, out where the wind was freshest and with plenty of sea room, the yacht was sent hither and thither, close hauled and on long reaches. Then she was put about and coming before the wind, swept into the bay, making a splendid spectacle for a racing yacht.

## Squeeze in July Wheat.

Chicago, June 3.—Rumors of a corner in July wheat were rife on the board of trade. Despite a situation which otherwise would have caused a decline in prices, July wheat sold up to 76½, 1¼ cents higher than Saturday's close. The buying was led by an influential commission house which during the past fortnight is said to have absorbed 10,000,000 bushels of wheat for delivery next month. The opportunity for squeezing shorts it is said, lies in the fact that contract stocks in Chicago are now less than 6,000,000 bushels.

## Meat Prices Increased.

New York, June 3.—The butchers of this city have announced an increase in the price of meats. The wholesalers have increased the price of carcasses to 8½ and 9 cents a pound, an increase of about one cent over ruling prices. Retail prices will be advanced as follows: Sirloin steaks, advanced from 16 and 18 to 18 and 20 cents a pound; porterhouse from 20 and 23 to 22 and 25 cents; round steak from 16 to 18 cents a pound and roasts from 11½ and 17½ to 12 and 18 cents a pound.

## What McLaurin May Do.

Bennettsville, S. C., June 3.—There are good reasons for believing that just prior to the meeting of congress in December, Senator McLaurin will resign and request Governor McSweeney to appoint his successor. Should the senator do this, it is understood he would expect the governor to appoint a man representing the same political views as Bryan and Tillman, and the senator would meet this man in 1902 on the Hustings with the purpose of regaining his place in the senate.

## Narrowly Escaped Lynching.

Pittsburg, June 3.—Benjamin Setty, alias Watson, 28, narrowly escaped lynching at the hands of an infuriated mob of 500 citizens of McKeesport, Pa. Setty is alleged to have assaulted a 4-year-old daughter of Thomas Sullivan. The police were forced to use their maces to keep back the

crowd while Setty was taken to the police station. The child is an unconscious condition and may not recover. Great excitement still prevails in McKeesport and the prison is strongly guarded.

## SLOW IMPROVEMENT

Hoped For in Mrs. McKinley's Condition—No Immediate Danger.

Washington, June 3.—Hope of slow improvement in Mrs. McKinley's condition was held out by the attending physicians after an hour's consultation, in which Dr. William Osler of Baltimore joined. Dr. Osler is professor in the medical department of Johns Hopkins college and has a national reputation as a diagnostician. The result of the consultation is considered encouraging. The statement that there was no immediate apprehension, coupled with prospect for slow improvement, caused some relief to the many anxious inquirers who called at the White House for news from the sick room. The president was distinctly more cheerful after the physicians had announced the result of their consultation.

## Bonine Case.

Washington, June 3.—The case of Mrs. Lola Henri Bonine, held for the killing of young Ayres, the census bureau clerk at the Hotel Kenmore several weeks ago, was presented to the grand jury. The grand jury will be occupied with the case several days. If an indictment be reported, a continuance will be asked until the October term of court. Mrs. Bonine will not be a witness before the grand jury.

## Hotel Burned.

Bristol, Tenn., June 3.—The Hotel Fairmount was destroyed by fire. It was valued at \$100,000, including furnishings. The fire originated in the fourth story and was beyond control before being discovered. The building was not used as a hotel, but was occupied by Recorder C. O. Jones and Colonel J. M. Bartlett. It was built in 1890 by Major A. D. Reynolds and Colonel Bartlett at a cost of \$75,000.

## Grand Army Rates.

Chicago, June 3.—The Western Passenger association, it is announced, has voted against authorizing a rate of one cent a mile to the G. A. R. encampment at Cleveland. It is thought certain, however, that the roads will take independent action in this matter and allow the rate, the Central Passenger association roads already having authorized it.

## Linen Goods Trust.

New York, June 3.—Under the title of the American Shirt and Collar company a \$20,000,000 linen goods manufacturers' trust will be incorporated under the laws of this state. It will control completely the wholesale shirt and collar trade of the country. A tentative agreement has already been signed by eight of the largest manufacturers in Troy.

## McLaurin to Hold on.

Columbia, S. C., June 3.—Governor McSweeney received a letter from Senator McLaurin in which the senator says: "For the sake of the peace, prosperity and happiness of the people of this state, I am willing to hold on to my commission as United States States senator and to continue to serve the state as I have done in the past to the best of my ability."

## Cup Defender Launched.

Detroit, Mich., June 3.—The local Canada's cup defender which was built by a syndicate of Detroit yacht club owners, was launched and christened Detroit. The Detroit is a center board craft of the "skimming dish" type; length over all 47 feet six inches, length waterline 26 feet, draught 14½ inches, ballast one ton.

## British Crop Prospects.

London, June 3.—The Mark Lane Express in its weekly review of the crop situation says: "It is already clear that British crops will be very irregular, but we do not despair that wheat will be up to the average yield. Grub and other pests are much in evidence. The crops promise well in Russia."

## Work of Firebugs.

McConnelsville, O., June 3.—Firebugs tried to burn down McConnelsville by starting several fires in the business part of town. The worst fire for many years resulted, burning Pyle's livery stable, Partesius' ice storage building and other adjoining buildings. The loss is heavy, with no insurance.

## Imports of Wheat and Corn.

Liverpool, June 3.—Imports of wheat into Liverpool last week were: From Atlantic ports, 63,800 quarters, Pacific ports 9, other ports 1,000 quarters. Imports of corn from Atlantic ports last week were 86,900 quarters.

Memphis, June 3.—Max Rosenstein, a well known young man was drowned by the sinking of the gasoline launch "Sapho" in the river in front of the custom house.

## ALLIED TROOPS CLASH

British Fusiliers Endeavor to Prevent Looting by French Troops.

## LATTER RESENTED INTERFERENCE.

German Soldiers Hasten to the Assistance of the French—Several Volleys Fired and Over a Dozen Shot.

Tien Tsin, June 3.—There was a serious affray between international troops. Some British fusiliers who were acting as police here sought to prevent French soldiers from house-breaking when they were attacked with bayonets and bricks. The fusiliers in self defense fired in the air. This brought a number of Germans to the aid of the Frenchmen. They numbered together 200 men. Five fusiliers fired again, killing a Frenchman and wounding three others. In subsequent fighting, four fusiliers, five Germans and one Japanese were wounded. The arrival of a German officer and a strong guard ended the affray.

## Departure of Waldersee.

Peking, June 3.—The departure of Field Marshal Von Waldersee from Peking was marked by a great military display by the allied troops, the booming of artillery and the playing of bands. The entire diplomatic body escorted the field marshal to the depot. Von Rauch, the aide-de-camp and nephew of Count Von Waldersee, will remain here to escort Prince Chun, the emperor's brother, to Berlin, where he will formally apologize in behalf of China for murder of Baron Von Ketteler.

## British Public Uneasy.

London, June 3.—The war office is making no effort to allay the public uneasiness, occasioned by the scantiness of the news from South Africa. Nothing has yet come through to illuminate the Vlodfontein affair, the only dispatch on the subject since the first official announcement being a three line message from Lord Kitchener, giving three additional names of officers killed. Details just received of the relief of Zuerst by General Methuen, show the town was practically besieged for several months and that its food supply was short. A dispatch from Pretoria announces that the constabulary have captured Abram Malan, son-in-law of the late General Joubert.

## Confederate Soldiers' Home.

Atlanta, June 3.—The Confederate Soldiers' home, a state institution for the care of indigent veterans was opened here. The anniversary of the birth of Jefferson was observed as a public holiday in this city and the crowds which witnessed the opening exercises were large. Speeches were made by Governor Allen D. Candler, Hon. Clark Howell, president of the state senate, Hon. D. Little, speaker of the house of representatives and Mayor Livingston Mims of Atlanta. The home is beautifully situated about five miles from the center of Atlanta.

## Jews Demand Justice.

Chicago, June 3.—At a meeting of the Protective League (formerly the Jewish peddlers' union) an appeal for justice was made for the entire Jewish race, both rich and poor. Numerous speakers declare that the poor and ignorant were assaulted on Chicago streets and the educated were often reviled and insulted. It was declared that regardless of the persecution of the Jews in Russia they were safer from assault and insult in that country than they are on the streets of Chicago.

## Movements of Troops.

Manilla, June 3.—Nine companies of the Ninth regiment have arrived here on the transport Indiana from China. The last volunteers, the Forty-third regiment, sail on the transport Kilpatrick June 4. The sick regulars, several hundred of whom have long been awaiting transportation, will be embarked for home on the next transports with the remaining discharged regulars and civilians.

## Presidency of New York Central.

New York, June 3.—At a meeting of the directors of the New York Central railroad William H. Newman, president of the Lake Shore was elected president of the New York Central and Hudson River Railway company to succeed Samuel R. Callaway, resigned. Mr. Newman has not yet resigned the presidency of the Lake Shore, so he is now president of both roads.

New York, June 3.—Ballington Booth, head of the Volunteers of America, denied that he was about to return to the Salvation Army and to be reunited with his father. Mr. Booth said the government and principles of the two movements are so at variance that a union would be impossible.

## **HOW DANIEL BOONE USED TO-BACCO.**

The following is an extract from "Boonesborough" by George W. Ranck, a history of the heroic period of Kentucky that is meeting with distinguished approval and is being extensively quoted. "Boone's Station," here referred to was located near the present town of Athens, Fayette County, and was only a short distance from the famous pioneer stronghold, Boonesborough. Mr. Ranck says: "But early in the spring of 1783, in spite of the assurances of peace, minor Indian outrages began again and continued, and among them, and of especial interest to Boonesborough, was the attempted capture of Boone. It seems the Shawanese still sighed for the companionship of their adopted brother, and four of them undertook to bring him back to his former Indian home. They haunted Boone's Station and caught him at last outside of it at work, says Peck, in his tobacco barn. Boone submitted so good-naturedly that his delighted red kinfolds allowed him to go up into the loft of the barn, as he requested, to get some fine tobacco to carry along. In a twinkling he sprang down upon them with an armful of dry tobacco that he scattered as he fell, and before the blinded and sputtering savages could recover themselves he was safe within his stockade."

Mayor Stallcup reported \$248.75 as amount of licenses paid last month.

In accordance with the action of the Board of Education, Messrs. R. A. Cochran and S. A. Shanklin appeared and asked Council to provide funds for current expenses for June. The amount needed is \$1,500. The board was authorized to borrow the money. The committee also presented a written statement showing the falling off in the board's receipts from fines and tithe in late years. Compared with 1894, there has been a falling off in fines of \$964.95 and in lites of \$907.24.

The bill of the Clerk of the Court of Appeals for costs in the case of Mrs. Jennie Guilfoyle against the city amounting to \$61.50, was ordered paid.

The soloon license of Louis Schuler and Harry Rowe, at 125 Market street, was transferred to M. S. Fury and J. W. Walton.

## **Permits were granted as follows:**

St. Patrick's Parish; to erect a two story brick dwelling on south side of Third, east of Limestone.

Wm. Dooley; to erect an addition to his house at 226 West Third street.

Sue Hawkins; to build a coal house.

The City Assessor's salary of \$250 was allowed and ordered paid.

A certified list of the members of Amazon and Neptune fire companies was filed.

Four emergency bonds each for \$500 were ordered sold to provide funds for current expenses.

The Alms Committee, with the Mayor and City Attorney added, was appointed to look up the law and ascertain whether the city or county is required to pay the cost of caring for smallpox patients. Between \$600 and \$1,000 is at stake, the city having paid out that amount the last year or so.

The rules were suspended and an ordinance passed levying taxes for this year. The total is the same as last year's levy. The poll tax is also the same—\$1.50. The ordinance is published in full elsewhere in to-day's issue. Council then adjourned.

## **He Is a Wonder.**

All who see Mr. C. F. Collier, of Cherokee, Iowa, as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped until he used Electric Bitters and was wholly cured by three bottles. Positively cures backache, nervousness, loss of appetite, all kidney troubles. Only 50c. at J. Jas. Wood & Son's drug store.

## **HAYSWOOD MUSICALES.**

Interesting and Enjoyable Recitals Given by the Pupils Monday Afternoon and Evening.

Quite an interesting recital was given Monday afternoon by the music pupils of Hayswood Seminary who completed the second and third grades in the musical course as given in that institution. The recital opened with two movements of a Mozart Sonata, with piano accompaniment, by Greig, played by Miss Jessie Rains, accompanied by Miss Moore. This was followed by a group of solos played by Miss Frances Barbour, who displayed fine musical conception, good melody touch and clear phrasing. Misses Anna Dodson and Elizabeth Adamson and Florence Alrich each contributed pleasing solos, and the duo, Hungarian Rhapsodie, by Low, won much admiration. Miss Elizabeth Barbour displayed facility of execution and versatility of interpretation in her rendition of the various numbers of her part of the program. In "The Bourree" she brought out the quaintness of the dance form. "The Serenade" was tastefully rendered. In the "Magic Fire" great delicacy and in the Ralf "Waltz and Whirlwind" a brilliant and pleasing lightness.

Altogether the recital was a great success.

Monday evening an ambitious but successful program was given by Miss Alleen Glascock, who completed the four years' course in music in Hayswood Seminary. Miss Glascock has the making of a concert touch; her playing was remarkably forceful and clear throughout the program, and she has a depth of tone rarely acquired by the average school-girl. Her melodies were sung out in a broad and free manner, and she displayed a clear understanding of dynamics and rhythmic values. She was especially happy in her renditions of the Schubert Impromptu, the Chopin waltzes and MacDowell pieces. The recital closed with a brilliant duo, "March Triumphant" for two pianos, accompanied on second piano by Miss Jessie Rains. The ensemble was fine. Miss Glascock is to be congratulated upon the success of her recital and the credit she has reflected upon her teacher, Miss Moore, and the institution from which she received her diploma, Hayswood Seminary.

## **THE MASON COUNTRY.**

You Generally Find Him Wherever You Go—Mr. W. H. Ball's Trip to Yates Center, Kansas.

Go where you may, and you generally run across some one from Maysville or Mason County. Mr. W. H. Ball of the Ball-Mitchell Company, during his trip last week to Yates Center, Kansas, ran across Mr. H. C. Rollins, a native of Mason County. Mr. Rollins left here in 1882, and located in Yates Center, where he has been engaged in the real estate and loan business ever since, except for four years when he was postmaster under President Cleveland.

Yates Center is the county seat of Woodson County, has a population of 2,000, with three railroads, seven churches, three public school houses and is erecting a fourth one at a cost of \$12,500. The court house is a fine brick building, occupying the center of a square, and cost \$30,000. Mr. Ball says he counted 110 buggies and carriages standing at the hitch racks around the public square. The people are sociable and up-to-date in all business enterprises.

Woodson County is a fine stock and farming country, with a nice system of public highways.

Mr. Ball met quite a number of Kentuckians and all seemed to be doing well.

The amount contributed the past year by the C. W. B. M. auxiliary of Beasley Church was \$115 and not \$100 as previously reported in this paper. The offering of \$500 mentioned by the BULLETIN was from Miss Martha G. Holton and was given for foreign missions.

It is told that a colored tramp was riding on the trucks of a train when a mule was struck and knocked to pieces. The train stopped and the train men looked around to see the damage done and spied the negro. They fished him out and said, "Why, I was ridin' dat mule," said the negro, and they put him in the passenger coach and carried him on his way with apologies.

# **P. N. CORSETS!**

Do you know what they are? The Corsets of comfort and style. The only corsets that will not—because they cannot—stretch. They're built that way. The test of time has convinced us that what the manufacturers long ago claimed is absolutely true. These corsets cannot stretch. Because of the properly shaped and carefully shrunken material which enter into their make up it is an utter impossibility. Three qualities—\$1, \$1.25, \$1.50.

# **ANOTHER IMPORTANT POINT!**

Get the right size. Nature gives most women beautiful figures which they promptly ruin with poor corsets. Get a corset that fits and pay enough to get a good one. Too small a corset destroys symmetry—too large a corset is just as bad. In either case no point of the corset strikes you where it should. An able saleswoman has charge of our corset section—she has studied the question and can help you to determine the style and size best adapted to your figure. Consult her.

### MORE EVIDENCE.

It is Coming in Rapidly in Maysville.

Evidence on the following subject will prove of interest to every Maysville reader. So many people go through the same experience daily. This statement should be proof positive to every wavering doubter. Read it carefully:

W. W. R. Woodward, residing at West End near Pogue's distillery, says: "Pains in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kindred troubles when such a reliable and effective preparation can be had."

Adopted by the Board of Council, this June 3, 1901.

W. E. STALLCUP, Mayor City of Maysville.

Attest: J. L. DAULTON, City Clerk.

### BOUGHT BY UNCLE SAM.

Maximite, the New Explosive, May Revolutionize Warfare.

New York, June 3.—Maximite, the new explosive invented by Hudson Maxim, has been adopted by this country after a series of successful tests at the Sandy Hook proving grounds. The secret of the explosive has been sold to the government by the inventor and the explosive it is thought may revolutionize warfare. It is said to be more deadly in its character than lyddite, yet so safely can it be handled that the danger attaching to its use is less than that incurred in transporting ordinary black powder.

### Vain Race With Death.

Cincinnati, June 3.—Miss Elizabeth Parrott, a young lady of Columbus, O., daughter of the late Colonel Parrott of that city, died in the Cincinnati hospital after a vain race with death to reach her home. She was brought to the hospital from a train in an unconscious condition, with nothing to reveal her identity. From articles on her person her name and residence were discovered and it was found that she was en route from Christian, Miss., to Columbus. Her malady was consumption. Friends arrived to take her body home.

### Swollen Streams.

Pueblo, Col., June 3.—All streams from the Rocky mountains are very high. The Arkansas river has been threatening its bridges. An enormous amount of water, which the big irrigating canals, all of which are wide open, cannot receive, is flowing to Kansas. The four-year-old boy of John Turkington, playing along Fountain creek, in the north suburbs, fell in and the body was swept away.

### Juvenile Tragedy.

Hopkinsville, Ky., June 3.—Walter Hampton, 12 was murdered by Rudolph Killebrew, aged 11, near Bennettstown, the only witness being Sherman Killebrew, 9, the victim's brother. He states that Hampton, aiming a pistol, advanced on them, and without a word, fired. Hampton escaped.

### Cut Her Throat.

Carver, Minn., June 3.—Andrew Tapper, a bartender, killed Rose Mix by cutting her throat. She was 20 years of age. Both were employed in a local hotel. Tapper attempted to drown himself, but was caught and placed in jail at Chaska.

### Found Another Body.

Quebec, June 3.—Frank Mullin was drowned by the capsizing of a skiff. While men were grappling for his body, they brought to the surface the body of a young woman, who evidently had not been long in the water.

### Jealousy the Cause.

Wichita, Kas. June 3.—Mrs. John O'Brien, 50, committed suicide by taking carbolic acid. Just before she died she said jealousy was the reason for her act.

## FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

## WINE OF CARDUI

Clarkson, Ark., July 20, 1899.

After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.

Mrs. MARGARET FORD.
